[El Franterizo, July 6th.]

A child was born in San Rafael on  
the 17th of June, 1875, who died in  
two hours after his birth, and died,  
prophesying as follows: "That Pitts-  
burgh, born at Springfield on the 13th of  
May, 1792, would probably cease to ex-  
ist in the year 1875, and that the election  
of his successor would involve all  
Europe in a general war."

The venerable Father A. Ubach, of  
San Diego, has lately visited this  
place, improving the time while he  
remained here, in the practice of his  
religious functions. For more than  
eight years past this worthy ecclesiastic  
has occasionally visited the villages  
and ranchos of our frontier at his own  
cost and expense. At times he trav-  
els over three and four hundred miles,  
as when he goes as far as Santemo, Santo Domingo and El Rosario. The  
subventions he receives through mar-  
riages, baptisms and funerals is only  
that which is voluntarily tendered by  
those interested. For each and every one  
of these acts Father Ubach has become  
a necessary being for us, all the  
more creditable for his acts are spontaneous  
and gratuitous. Our object  
is simply to thank him for the frequent  
favors bestowed on us, and manifesting to him the pain we feel  
whenever he absents himself from us.

The Mexican Congress has declared  
in favor of devoting \$300,000, by a vote of  
112 to 2, for the part Mexico shall  
take in assisting at the centennial at  
Philadelphia.

The remains of the lamented Presi-  
dent Juarez and his wife have been re-  
moved from the sepulchre of the family  
to the temporary niche which  
shall contain them until the monu-  
ment which a grateful people dedicate to  
the redeemer of their country is finished.

The Mexican Congress has voted  
\$50,000 for the erection of a monument  
to the memory of Miguel Hidalgo, hero  
of the revolution of 1810; also made  
known the terms of the grant for laying  
a cable between Cuba and Mexico, and  
approved the concession for the  
construction of a railroad between  
Guaymas and Arizona.

A Card.

As I will shortly remove from the well known Cigar Store, next to Wells, Fargo & Co.'s Express, I take this opportunity to offer my entire stock of cigars, tobacco, pipes and smokers' articles, contained at the stand, at cost price. Any one buying a box of cigars will get them at manufacturer's price, as the stock must be closed out in a very short time. I do not wish to remove any of it to the store, Identical, at 38, Main street, as the stock of cigars, tobacco, gents' furnishing goods is already large enough to supply all the wants of the public. The business, after the removal, will be carried on at 38, Main street, under the Backman House, where I hope that all those who have so far favored me with their custom, will put up with the inconvenience of walking a block further, as the quality of the goods will amply reward them for the trouble. I. GOLDSMITH, 38 and 107 Main St.

### Borrowing Money.

Borrowing money upon the instalment plan is attended with these advantages: The loan can be repaid in small monthly amounts which will be due before the expiration of the principal so that by the expiration of the term it can be paid off without any great inconvenience to the borrower; the rate of interest is generally low, the expenses of the loan are not so great as in ordinary loans, and if it is borrowed upon good paying property it often happens that the rent will cover the monthly payment and in time pay off the debt.

For further and other particulars inquire of W. H. J. BRADY,  
Agent for Savings and Loan Society,  
No. 12 Spring street.

### Educational.

On Monday, June 7th, at the Spring street school house, Mrs. F. A. Parker will open a school for a term of seven weeks; term to close one week before the re-opening of the public schools. Tuition for the term—for Third reader and all below, \$4; \$5 for all above the Third reader. For further particulars enquire of Dr. LUCKY, City Superintendent of Schools. July 1st

## Los Angeles Herald.

FRIDAY, JULY 16, 1875.

D. P. WIGGINGTON, the Democratic nominee for Congress for this District, made hosts of friends during his short stay in this city. He will return in a few weeks and visit San Bernardino and San Diego. He will make speeches in the Southern counties, and we predict that he will carry this and San Bernardino counties by large majorities.

There is danger that the support of the Independent party by the *Express* will be somewhat weak in the future. We observe that one of its editors has been under the manipulation of ex-Senator GUINN, and judging from his account of the interview, we are disposed to the opinion that the old gentleman filled the young man level full of genuine Democratic doctrine.

It is a good thing to have the news even though one has to go away from home for the commodity. A late number of the Sutter *Banner* contains an article on political antecedents, in which the record of the candidates on the Independent ticket are professed to be given. Among them is the political pedigree of a gentleman in Los Angeles county, which we give for the information, if not instruction, of the HERALD readers. It is as follows:

Gunn, the candidate for Superintendent of Public Instruction, is a Scotsman by birth. He has been a public teacher of the most prominent stamp, in this State, for six years. He is a man of pronounced Southern types—a man of acknowledged ability, learning and integrity, everywhere he cultivates his farm near Anaheim during his vacations, and is a worthy Granger worth

JUDGE J. S. THOMPSON, of this city, has received the Independent nomination for Congress from this District. We are glad the Judge has been selected. It is our purpose to support D. P. WIGGINGTON, the Democratic nominee, and we always like to see the man we support elected. Judge THOMPSON is the weakest man the Dollys could have selected. We were fearful that either General HOWARD or Colonel WARNER would have received the nomination. But whom the gods wish to destroy they first make mad, and Judge THOMPSON is the choice. It is a safe bet that WIGGINGTON will poll more votes in the district than both HOUGHTON and THOMPSON.

A NO-PARTY party has been organized in San Francisco. Its founders and leaders are General A. M. WINN, EMPEROR NORTON and Major JACK STRATMAN. These gentlemen have long occupied the proud position of workingmen's advisers and counselors. They are themselves hard-working, horny-fisted sons of toil. General WINN has done more talking in behalf of the laboring man, in defense of his rights and in denunciation of his wrongs, than any other man in the State. EMPEROR NORTON is an able co-worker of the General's. He believes the world owes him a living, and he therefore lives off the world. Major JACK labors diligently at the business of mixing cooling and often exhilarating drinks for the poor laboring man. These three champions of labor have formed a No-Party party, and in a little time we shall hear that it embraces all the working men of General WINN's stamp and quality in San Francisco.

THE action of the County Committee in postponing the Democratic primaries heretofore called in accordance with the Crawford county plan, and asking for an expression from the Democratic electors of this county, as to the best manner in which the candidates for county offices shall be nominated, is in good time and in accordance with the wishes of the Democratic masses. The Crawford county plan is never an expression of the people and is never satisfactory except in cases where a few individuals are permitted to manage the whole business, and only then when they chance to get through it without quarreling. Let us have a Democratic county convention composed of delegates regularly elected by the Democratic voters of their respective districts. Such a convention will reflect the wishes of the Democratic majority.

### Lady County Superintendents.

One of the strongest evidences of a disposition on the part of the public to recognize the fitness of women for educational duties is found in the fact that in a number of counties the popular candidate for Superintendent of Schools is a woman. That the day is not distant when this office will be filled entirely by women, we have not the slightest doubt. The duties of County Superintendent are almost exclusively clerical, and to discharge these there are hundreds of women as well qualified as men. As candidates for this office we now have Miss ELLEN ENDY in Inyo county, Mrs. WOODMAN in Butte, Miss ACHAIJA ELKINS in Marin, Mrs. CARRIE STANTON in San Luis Obispo, Mrs. VIRGINIA F. RUSSELL in Santa Barbara, Mrs. D. COLEMAN in Shasta, and Mrs. MARY SANBORN in San Diego county. Some of these candidates are party nominees, but the greater portion are asking support independent of party, and this is as it should be. The position is, or ought to be, non-political, and should be kept out of politics. What is needed in a County School Superintendent is zeal and competency, and where these qualities are found combined, it is not necessary to inquire whether

the principal organs of sense are concentrated in the face. It is therefore of being argued by all gentlemen, with some of the superior hats which can be had at Desmond's, Main Street.

the candidate is a Democrat or a Republican—a man or a woman. Los Angeles county has as yet no lady candidate for Superintendent, and we take the liberty of suggesting one. With the lady we name we have no acquaintance, nor do we know that she will accept the position. We do, however, know that she is an accomplished lady who has spent six or seven years as teacher in the public schools of this city and county. She is a zealous worker in the cause of education, and she is in every way qualified for the prompt and efficient discharge of the duties of County Superintendent. We refer to Miss E. BENGOUGH.

### The Subsidized Press.

The Evening Express suggests that a great many branches of business can be carried on at Santa Monica cheaper and more economically than in Los Angeles. As many citizens suggest, why the Express does not move there? If it were published in Chicago, its patrons would soon compel it to follow its affections. They would stand no such treachery as practiced by that journal to the men who put it on its feet and since maintained it. Verily, Los Angeles people can say, save us from our friends. The Express has received its reward, but the future will take care of itself, when the calm second shall fit across the minds of our now humbugged people. A subsidized press has prostituted its editorial columns for the sake of advertisement. They have directed our people to invest in wild-cat lands, where a farmer would starve to death on one hundred and sixty acres, when this press could easily have directed them to thousands of places in the Southern counties where ten or twenty acres would handsomely support a family. Now let us wait the sting. We have done our duty, and feel that the curses that are sure to follow, loud and long, will not come home to our roost.

### GRANGERS AND BRANDY.

The following correspondence between the Internal Revenue officer for this State and the Wine Growers' Association of Napa, Solano and Sonoma counties, is of interest to all who make grapes:

SAN FRANCISCO, June 15th.  
Maj. J. R. Snyder:

DEAR SIR—The Hon. Commissioner of Internal Revenue has referred to me, for report theron, the question of whether the addition of a small quantity of burned grape syrup or some similar substance is or is not a necessity to complete the process of manufacture of grape brandy, and, if so, whether or not, in my opinion, the regulations should be so modified as to permit the distiller to thus complete the process of manufacture at his still prior to affixing the tax-paid stamp. I have been permitted to place this brandy, thus completed by coloring on the market under the original tax paid stamp, instead of under the rectified spirits or wholesale liquor dealers' stamp, as is now the case.

I have received letters from many large distillers, officers of societies, (vinticultural) etc., all taking the one ground. My own opinion is clear on the question, but I wish to substantiate my views by statements in writing of such men as yourself—as President of the Sonoma Wine Society. Your communication will be forwarded to the Commissioner and Secretary of the Treasury. L. J. LOSE of Los Angeles is at Washington now trying to get the adoption of such regulations by the new Commission, backed by strong letters from Senator Sargent and others. Trusting you will see proper at your earliest convenience to address me a letter, giving your views on the question referred to and your ideas as to the wishes therein of the legitimate grape brandy producers of your section of the State, I have the honor to be,

Yours, Respectfully,  
L. M. FOULKE, Supervisor.

NAPA, Cal., June 26th.

DEAR SIR—At a meeting of this association called especially to consider your communication under date of the 15th inst., addressed to Major Snyder, after full discussion I have been induced by unanimous vote to inform you that the society fully endorse the view that the addition of a small quantity of burned grape sugar is a necessity to complete the manufacture of grape brandy; that without such coloring matter and sweetening the distillation would not be brandy but grape spirits, and unsaleable as brandy; and that such coloring, etc., is a part of the process of manufacture, and should be fully covered by the original tax-paid stamp. While we deem it wholly unnecessary to revert to the hardships and loss to which other decision would subject every manufacturer of grape brandy, we think that simple justice emphatically demands the decision stated in your letter, and that it is unjust to place brandy, which is not brandy until so colored, etc., under the same head as if it were adulterated and mixed, as it might be under the rectified spirit and wholesale liquor dealer stamp. The State Grape Growers' and Wine and Brandy Manufacturers' Association will hold a meeting in San Francisco on the 8th proximo, and will also take action in the matter, the result of which will be communicated to you.

DEMOCRACY IN SAN FRANCISCO.

SAN FRANCISCO, July 14th.—There was a fair attendance at the Democratic mass meeting last night at Dashaway Hall. Irwin addressed the meeting in a speech of two hours, and half of it mainly dwelt on the Freeman Fare and Freight bill. The Republican rally at Union Hall was thinly attended, not more than 500 persons being present. Speeches were made by John W. Doolittle, E. D. Senter, Gov. Solomon and others. The Democratic County Central Committee met last evening and resolved themselves into a nominating Convention for municipal officers. The Independent Democrats met last evening and took steps to run an Independent candidate with Democratic proclivities against Piper.

SENATOR GORDON AT STOCKTON.

STOCKTON, July 14th.—George C. GORDON addressed a large and enthusiastic meeting last night. The campaign is fairly commenced here.

BIDWELL DENOUNCES SARGENT'S SPEECH AS MALICIOUS.

CHICO, July 14th.—Gen. Bidwell denies every material point in Senator Sargent's Oakland speech, and calls it malicious. He says he will refute the same upon the first opportunity before the people.

M. EYRE, JR.

See Y. N. S. and S. W. G. ASS'N.

BEAVER, Utah, July 14th.—The trials of Lee and Dame are set for the 19th inst. Judge Borenson is determined to have no unnecessary delay. Some very important witnesses who, it was feared, could not be found, are in town.

LATER.—Lee has turned States' evidence and will make a full statement. The cause of this action is said to be that he believes he was to be satisfied in order to shield more guilty parties by perjury if necessary.

The witness is from Southwestern Utah concerned in the massacre evinced great animosity against Lee. There are said to be plenty of witnesses here to corroborate Lee's statement, which will convict Dame and many high

my fellow-men better. This I have done, by the help of God. I make this assertion more emphatically, because not a few of the papers seem to think I have done it by the help and permission of the newspapers; but I have done it in spite of them. I don't ask that they should care for my future; my future is in the hands of the Lord God, to whom my mother directed me. I should like to know who is going to stop my mouth with a muzzle? About 1870 and 1871 and for three or four years I had to go through pretty deep water at times, but I kept it to myself. The revelation of it to mankind came within a year, but I had got through it. I am growing in strength and elasticity of body. I am all right. The letters I have received from Baptist clergymen, from the clergyman in the ministry of the Episcopal Church, and especially letters and telegrams from Roman Catholic priests have been among the most Christian expressions tendered. I prize these letters. Churches have prayed for me; mothers kneeling in the midst of their little children have prayed for me, and I will say that these prayers have been more to me than the plaudits of the people in the streets. It has been this that has made me happy. I have no new course to take; I am too old to change my position. I shall go on trusting men; I have pursued that doctrine all my life, and only once in forty years have I made a mistake. I shall love men; I shall not stop to think of their faults before I love them. I propose to go on with my work, confident in men, not preaching merely the difference between right and wrong, but this: That there is no Justice, no severity, no punishment, that are good, unless administered in a spirit of love. The expenses of the trial have been enormous—enough to bankrupt a country minister five times over and would have destroyed me but for Plymouth Church, and even with their help I shall barely get through, for the expenses of the trial to me have been over \$75,000. On the other side they have been very large, but they have got no money to pay them with." Beecher elicited much laughter, and was frequently warmly applauded throughout his long address.

DRY GROCERS AND BRANDY.

NEW YORK, July 14.—The steamship Idaho, from Liverpool, landed to-day at Castle Garden, about 750 Mormons, under the charge of seven agents, appointed by Brigham Young to conduct them from Europe to Utah. **SANTA MONICA.****THE FUTURE CITY BY THE SEA!****Visitors by the Thousand to Los Angeles.****Opening of the New Port of Entry to Los Angeles.**

Yesterday at daylight our citizens commenced wending their way to Santa Monica, and by 10 o'clock the road to the ocean was a continuous line of vehicles. The pilgrims, for the most part, were those anxious to see the bluffs, cliffs and sand-bars that had, on paper, destroyed the commercial importance of Los Angeles. Others went down to see the Salvador unloading her freight on a raft, and the remainder desired to see the wharf and the steamers Senator and Los Angeles land their living freight. The occasion was a gala-day, a kind of appendix to our Fourth of July.

On our arrival at the Santa Monica Hotel we ascertained that the steamer Senator had arrived on Wednesday evening at 8 o'clock, and after landing about 150 passengers, immediately proceeded to San Pedro, our other port of entry. The steamer Los Angeles, at 10 A. M. yesterday, was in sight, and the wharf was crowded with people anxious to welcome the visitors. As she reached the wharf, at about noon, the steamship Salvador, of the Pacific Mail line, honored her with a salute of eight guns, which was a graceful compliment to one of the first arrivals at our promising landing.

With the arrivals from Los Angeles, the number of visitors was fully one thousand, and after a generous dinner at Morgan & Monroe's new hotel, most of them repaired to the auction stand. This, for some reason best known to the managers, had been placed almost a half mile nearer San Francisco than the site of the hotel. The first bid was \$250, and the last \$410.

Lot N started at \$250 and reached \$360, which was bid by a lady, but an ungallant spectator, whose name we could not hear, raised her \$15 and bought at \$375.

Lot O was started at \$220, the same lady again making several bids, being finally successful at \$310, and giving her name as Mrs. Godfrey Hargate.

Lot P sold at \$300 to Mr. Hafner; lot Q to Mr. Chubbuck at \$300; lots R, S, T, U and V, were bought by Sam Newmark, at \$190 each, who received the hearty endorsement of Mrs. Hargate, the lady speculator, who said "It was not too much."

Lot X was started at \$220, the same lady again making several bids, being finally successful at \$310, and giving her name as Mrs. Godfrey Hargate.

Lot Y was started at \$220, the same lady again making several bids, being finally successful at \$310, and giving her name as Mrs. Godfrey Hargate.

Lot Z was started at \$220, the same lady again making several bids, being finally successful at \$310, and giving her name as Mrs. Godfrey Hargate.

Lot A, corner of Second and Arizona streets, was bid by Mr. H. M. Jones, representative of the Senator, at \$190, and sold to him at \$200.

Lot B, corner of Oregon street, with the sign of W. was never bid up, Mr. Noyes assuming that the bidders who would have a good neighbor in Mr. Newmark, who would probably erect a princely Summer residence.

The stand was occupied by Hon. Thomas Fitch, and Senator Jones' representative, Mr. Henry Murray, and the sign of E. W. Crawford, of the L. A. & I. R. R., and Mr. Noyes, the popular auctioneer.

The stand was frequently visited with maps of Santa Monica, a map of the proposed route of the Los Angeles and Independence Railroad, and the proposed route of the Southern and Pacific Railroad. It all seemed very pretty on paper, but we looked in vain for any explanation of the alleged defects in the title to the land. A little certificate denying the reported blots on the title or showing that no suits were pending to settle the matter, would have relieved the mind of many an anxious spectator, but the document was not there. To introduce the sale, Mr. Fitch made the following address:

Before the sale commences, I desire to make a brief statement in regard to the Santa Monica town site. The beauties of Santa Monica you see for yourselves, and I am glad you are here to see for yourselves. You see before you the proposed route of the L. A. & I. R. R. It is a good, safe road as charged by its enemies. Six hundred tons of iron have been landed from the steamer Salvador which lies in the harbor. Another steamer is daily expected, and when the balance arrives the road can be completed to Los Angeles in ten days. We confidently expect to have trains running into Los Angeles by the first of September, and by that time we will be prepared to push the road as fast as possible. The best history of this company is its best guarantee to the people for its future action. We can promise to the citizens of Los Angeles these things. The Southern Pacific Railroad is finished to Caliente, marked on this map Tehachapi Pass. They intend to complete the road to Los Angeles and your city, fixing a rate to suit themselves, and their past history teaches that they will charge all they can. If they can, at the same time, control the water communication, Los Angeles will disappear. With this line to Santa Monica, your city will be safe, for the Southern Pacific to compete with it must run a line in opposition to itself. Much work has already been done. The lumber speaks for itself. The four vessels in the harbor give proof of a great commercial future.

It has been ascertained by surveys on this coast, for a terminus to the Pacific Railroad that between Point Vicente and Point Demare there is a sunken reef thirty feet below low water mark. This is why there is no evidence of surf at this point, these submerged mountains preventing undertow. There seems to be no necessity for a breaker, but if one is necessary it will immediately be built.

It is our determination to give the people of Santa Monica and Los Angeles a good harbor. Fronting the coast all the lots are 50x150 feet, and fronting the avenues giving each purchaser the privilege of one or more lots at the same price. If there are any questions I will be pleased to answer them.

Question—How about the title? Answered—an inquisitive Granger who wanted to secure a Sherman residence.

Answer—The title is perfect. This is the Rancho de San Vicente, adjoining the Boca de la Santa Monica.

There is a dispute about the boundaries, but this site does not reach near the disputed line.

Q. What about water? inquired a Good Templar, who couldn't live on California brandy and wine.

A. The water will be brought to the land immediately. Our past diligence is the best show of our future intentions.

Q. How will the company bring the water here? was the next question, by a San Francisco visitor, anxious about a little family supply.

A. The water will be brought by the water company. They are now putting down a well in the Plaza, which already has 100 feet in it, but they are going down until they get a spouting stream, and will prosecute the work with diligence!

Q. What will it cost to day and except in an honest irrigator of the valley?

A. The present proprietor of the town site and others are interested in the water company. The price will depend on the cost of reaching water, but will be reasonable.

Q. How far is the water down? from an economical individual who wanted it near the surface.

A. Water can be reached at 40 feet. There is water in the springs sufficient for 25,000 people. Others who don't want that can sink wells.

Q. When will possession of the land be given? asked a visitor, looking with dismay at 3,000 sheep feeding on the Court House block.

This was not answered, and another doubtful Thomas inquired the quality of the water and Mr. Fitch replied, "Soft, excellent water."

Q. Do you give a warranty deed?

A. We give a bargain and sale deed to those who pay cash, and a bond for a deed to those who ask credit.

Q. Where can payments be made? This was the last inquiry.

A. In San Francisco or at Los Angeles, in the company's office.

Mr. Fitch then turned the sale of lots over to Mr. Noyes, who stated the terms published, and commenced as follows:

"Gentle-men—We will offer you lot

M, in block 173; a corner lot, fronting on the ocean, corner of Ocean Avenue and Utah street, and on the next block to the present hotel site. We give the purchaser the privilege of lots N, O and P."

The first bid was \$250, and a lively race ensued until it was finally struck off to Simoyski at \$510, who took only M.</p
